Come play and learn with us this summer! Bring your curiosity and sense of wonder as you join Museum educators for fun activities that focus on science, art and more. There’s something for everyone at DISCOVERY Children’s Museum!

Sessions will be offered in the morning (8 a.m. to 12 p.m.) and afternoon (1 p.m. to 5 p.m.) Feel free to combine morning and afternoon sessions for a full day experience. See the Camp Schedule inside for all the details. Weekly camp sessions are offered for two age groups: 6 to 9 years, and 10 to 12 years.
A, B, C – Science and Poems, it’s Chemistry! (ages 6 – 9)
Using each letter of the alphabet we will explore a new science concept introduced by a really cool poem. Delve into fun, interactive and hands-on activities and demonstrations in chemistry, biology, human body and physics. Look forward to lots of make and take activities!

All About Energy (ages 6 – 9)
Capture the wind, explore the sun, and go with the flow of water. This camp experience is all about energy, fun and innovation. Come and explore energy that is all around you!

Amazing Animals (ages 6 – 9)
Calling all budding animal biologists! Crack the code to the amazing world of animals. Using clues like scales, feathers and furs, we will search for similarities and differences in various animal families. Come prepared to solve the mysteries of the animal kingdom.

A Trip Around the World – A Cultural Adventure (ages 6 – 9)
Summer is the perfect time to travel! Join us in this fun and interactive experience where you will travel across the world in your imagination stopping by various countries to learn a little about their culture while creating arts and crafts unique to that geographical area. Come home with lots of souvenirs from your imaginative travels. Bring your artistic expression and creativity and be ready for a great experience.

Exploring Creativity and Art I (ages 6-9)
Explore your artistic imagination through drawing and painting. Learn about composition, texture and color while creating fun projects that bring your imagination alive! Experience creative projects like creating your own book from scratch and explore the techniques of children’s book illustrator Eric Carle. From illustration, to paper making and book binding; this unique creation will be all your own. This and more, in this creative experience, all activities are designed for campers ages 6-9.

Exploring Space (ages 6 – 9)
Why explore space? Why do we continue to explore the moon, Mars and do experiments on the International Space Station (ISS)? This workshop will answer these questions while crew members experiment with soil samples, make craters and learn about our closest neighbor Mars. This experience will be out of this world!

Grossology (ages 10 – 12)
Burps, farts, boogers, scat, scabs… all the things we usually think of as gross but are actually really important to the function of our bodies. Come and join us for the grossest time of your life!

**CALL (702) 382-KIDS (5437) TO PLAY AND LEARN!**

**BRING YOUR CURiosity AND SENSE OF WONDER!**
Kids Chemistry Concoctions (ages 6 – 9)
Chemistry is FUN and it’s for little kids too! From the food that we eat to the clothes that we wear to the toys that we play with – it is all around us. Join us in making hands-on investigations of how chemistry fits into our everyday lives and how we can use it to better understand the world in which we live. This camp is full of curious color changes, amazing ahhs and oohs and maybe even a few special treats that you can eat!

Not Just Any Body – It’s My Body (ages 6 – 9)
Have you ever wondered what is really going on inside of your body? Hop on board a red blood cell and take a ride! We will pick up some oxygen from the lungs, then make a stop at the stomach and help digest some food. Along the way, we will check out the bones and muscles. Bring along your eyes, ears and nose to help make sense of your human body.

Sensory Overload (ages 6 - 9)
Things are not always what they seem. Why does food taste differently when you have a cold? Can you see sound? Every day we use our senses to explore the world around us. Through demonstrations, experiments and hands-on exploration, we will use the senses to explore various science concepts while having lots of fun!

Spectacular Sculptures I (ages 6-9)
Explore the world of 3D Art... Sculpture! Learn sculptural techniques through fun filled projects that focus on developing 3-dimensional artwork. Work with various materials to build objects that bring your imagination alive. Explore creating unique objects like paper-mache masks or kinetic mobiles all while learning valuable skills in sculpture. Activities are designed for campers ages 6-9.

Spectacular Sculptures II (ages 10-12)
Explore the world of sculpture. Learn sculptural techniques through fun filled projects that focus on developing 3-dimensional artwork. Work with various materials to build objects that bring your imagination alive. Explore creating unique objects like treasure chest containers that look like dessert, or kinetic mobiles and more while learning valuable skills in sculpture. Activities are designed for campers ages 10-12.

Please expect a phone call from our Reservationist to get the verification code (3 digit code from the back of your card) for any credit card charges.

**Mail To:** DISCOVERY Children’s Museum Summer Camps
360 Promenade Place, Las Vegas, NV 89106

**Fax To:** (702) 382-0592

**Email To:** reservations@discoverykidslv.org

If you have any questions or concerns please contact Museum Reservations at (702) 382-3445

**To Register:**

- Visit www.DiscoveryKidsLV.org to print and fill out a registration form or by calling (702) 382-3445 Monday – Saturday 8:30am – 4:30pm.
- Full payment must be made at the time of registration.
- Emergency medical form must be completed prior to the start of the camp.

**Snacks:**

- Snacks will be provided. You may send a nut-free snack with your child each day. Because of nut allergies, we try to make the camp environment a nut free zone. Please pack all snacks accordingly.

**Cancellation and Refund Policy:**

- Cancellations must be submitted in writing (mail, e-mail or fax). Refunds will be processed as follows:
  - Cancellation notice of 4 weeks (28 days) is required for a full refund.
  - Cancellation notice of less than 4 weeks (28 days) but more than 3 weeks (21 days) will incur a $65.00 cancellation fee.
  - No refunds will be granted for cancellations made with less than 3 weeks (21 days) notice.
- No refunds or credit will be given for days missed during the camp week or for dismissal due to inappropriate behavior.
- Camps with low enrollment 2 weeks (14 days) prior to the start date are subject to cancellation. Minimum enrollment is required to run each camp. If cancellation occurs, the parent/guardian will be notified and given the opportunity to select another camp or receive a refund.

**Registration Transfers:**

If you want to transfer your registration to a different camp, you must submit a request in writing (mail, email or fax) at least 2 weeks (14 days) prior to the start of the camp. Each camp transfer is subject to a $35.00 fee. Registrations and fees are nontransferable between participants.

**Yes, I have read and agree to the terms and pricing as presented above.**
